

SMART FARE FACT SHEET

CLIPPER® CARDS

SMART uses Clipper, the same payment system used by other Bay Area transit providers, for a seamless trip. You can buy an adult Clipper card and add value or a 31-Day Pass to any Clipper card at any fare machine at SMART stations, online at www.Clippercard.com, or at participating transit agency ticket offices.

Discount Clipper cards and discount 31-Day Passes are available for youth (5-18), seniors (65 and over) and passengers with disabilities. Visit www.Clippercard.com/discounts for information on how to apply for a discount card. SMART passengers who use Clipper also receive transfer credits to and from other North Bay transit systems.

Before boarding the train, be sure to "tag on" using the card reader located at either end of the SMART station platform. You must "tag off" when you exit the train station to ensure you are charged the correct fare.

SMART E-TICKET

For those purchasing multiple fares, or who may not have a Clipper card, we recommend using SMART's mobile ticketing app. To install the app, search for "SMART eTickets" where you download your mobile apps. E-tickets are valid for 90 days from the date of purchase.
